

# CARAGABAL PUBLIC SCHOOL NEWSLETTER

Term 3 Week 7

## FROM MR JONES

We would like to remind everyone that Bland Sports will be taking place at Quandialla Public School on Friday, September 8th, 2023. Permission slips were distributed last week; kindly return them to the school at your earliest convenience. If you require assistance with transporting your child to and from the carnival, please reach out to the school. Students should be dressed in their complete school uniforms, and sports shirts will be sent home before the event.

We've been incredibly fortunate to have Aunty Julie with us over the past few weeks, guiding and supervising the artistic creations our children have been crafting for the upcoming Grenfell Naidoc Celebrations scheduled for the end of this term. The children eagerly anticipate each weekly session as they contribute to these artworks, which will soon grace Taylor Park as part of the festivities.

Meanwhile, the 3-6 class engaged in the creation of vivid imagery poetry during the week, and I must say, they all demonstrated remarkable skill in this endeavor. Our heartfelt thanks go to Tania for curating and displaying these poetic works at the Hotel. Next time you're there, be sure to keep an eye out for them.

Please keep in mind parent's responsibilities in terms of attendance. Let the school know as soon as possible if your child is going to be/or has been absent from school. We are trying to achieve all students at school 90% of the time or more! Working together, we can achieve this target.

## Important Dates

- Touch Football Gala Day - 7th September
- Bland Sports - Friday, 8th September
- Healthy Harold Visit - Monday, 18th September
- Weddin Naidoc Celebrations - Friday, 22nd September

## School Captain's Report

Today we have been practicing for Bland Sports and it is very enjoyable. What we practiced included, high jump, long jump, shotput, discus & running.

This week we have also been doing parkour courses as a proprioceptor activity.

Over the past few weeks K-6 have been doing paintings in groups K/1/2 and 3-6. You will be able to see the paintings at the park for Naidoc Day. This week K-6 wrote some poems and created finger puppets based around the topic of their poem.

Don't forget to have a look at our school work on display at the Grenfell Show tonight and tomorrow.

The whole school has had a lot of fun creating obstacle courses this week as part of physical health and education. Obstacle courses provide them with both fun and numerous developmental benefits. These courses promote physical development, fine and gross motor skills, problem-solving, and self-confidence. They encourage teamwork and social interaction as children collaborate in their creation and enjoy racing through them. Designing and navigating these DIY courses fosters creativity, spatial awareness, and critical thinking. By allowing kids to engage in this form of imaginative play, parents and caregivers can help them develop both physically and mentally while having a blast.

### Max

When Max was a little boy, he lived on a farm. On his farm he had a horse. I think he did a lot of work on his farm. I think he did a lot of fencing.

When he grew up was a jockey.

Now he lives at the hospital in Grenfell.

On Max's socks there was a picture of a cup of beer. If he had this picture on his socks, I think it means he went to the pub a lot. He's a nice person. I think his favourite colour is blue, dark blue. Max is Miss Marie's friend.

When I was making the bookmarks he said he didn't want to draw but he liked watching me draw. I think he liked to draw when he was a kid.

When I got to the hospital, I was very nervous until I met Max. He got me out of my shell. I got him out of his shell too. I liked when he talked to me. I didn't have that many people talk to me at all.

I think he had a puppy when he was a little kid.

I think he used to love a lot of animals.

He loves cake. He's like my dad, but a little bit different I guess.

I think he had a good life on the farm 'til he got stuck in the hospital.

I think he used to do sheepwork like I do.

I think he maybe had a wife.

At the hospital he has a lot of friends to talk to.

I think he likes to read and watch tv a lot.

I think he used to love horses.

I felt like my friendship spread far with him.

## WEDDIN SHIRE RESILIENCE ASSESSMENT

This survey is part of CSIRO's resilience research.

Its aim is to assess the strengths and challenges of the Weddin community  
in dealing with adverse and disaster events and to inform plans and  
programs that enhance the strengths and address the challenges for a  
prosperous and resilient region.

Your participation will help to provide the evidence base that can inform  
community resilience building priorities and proposals for future  
government funding.

We encourage members of the business community including farmers, agribusiness,  
rural service providers and other businesses to take part in this voluntary survey.

Participants get  
the chance to  
win three VISA  
gift card prizes  
totaling \$1000
